1. An extension of time under 37 C.F.R. § 1.136(a) is required to place this application in condition for allowance. During a telephone conversation conducted on May 3, 1994, Steve Highlander requested an extension of time for 1 month and authorized the Commissioner to charge Deposit Account No. 19-0741 the required fee of \$ 110 for this extension.

2. The following is an Examiner's Statement of Reasons for Allowance:

Applicants claim a urate oxidase molecule at a concentrations that was not known in the prior art and was purified from A. flavis. A urate oxidase was known and patented (Labourer et al.) that was isolated from A. flavis in the art but it appears to be a different molecule or to be contaminated such that one of ordinary skill in the art could not obtain a pure enough molecule so as to isolate the gene that encodes the protein. Further, even if the claimed enzyme is the same as the enzyme previously isolated the purification schemes that are known in prior art appear to be inadequate to sufficiently purify the instantly claimed enzyme.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dave Schmickel whose telephone number is (703) 308-4202.
